

APPLICATIONS

- > Ideal for rainwater dependent homes
- > Suitable for all above ground tanks
- > Domestic or commercial applications
- > Monitoring critical water supplies

**Davey
TankSense™
Water Level Monitor**

TankSense is an invaluable device that allows you to monitor and track your households tank water supply using Bluetooth LE.

TankSense provides real time data via an App direct to a compatible mobile phone so you can manage your water, including how many days of water you have left remaining and alerts when your tank water levels are low.

Designed for above ground water tanks, TankSense is easy to install, simple to use and provides peace of mind so you never run out of water.

**WHY CHOOSE THE DAVEY
TankSense™ WATER LEVEL MONITOR?**

- Manage and monitor tank water levels
- Customise to suit individual households water usage
- Provides real time data direct to mobile phone via an App
 - How many days of water left remaining
 - Tracks monthly water usage
 - Alerts when tank water levels are running low
 - Predicts rainfall events based on weather patterns and forecasts
- Designed for all above ground tank applications
- App compatible with IOS and Android mobile phones
- BLE (Bluetooth®) connection – no subscription needed
